Letter from Oracle Aaron

Greetings! Thank you for engaging. The giving of your attention to anything gives honor to whatever you are engaging.

This month is a traditional time to give honor to family, friends and above all giving honor to Yahweh. It's about honoring the Giver with giving. It's also about receiving from the givers with a pure heart.

Yahweh's greatest gift was the right to receive the gift of salvation from eternal death and exchange death unto eternal life. This eternal life was made possible by the birth, life, death and resurrection of Yehshua Hamashiach.

I'm reminded of John 3:16..."For here is the way God loved the world-he gave his only, unique Son as a gift. So now everyone who believes in him will never perish but experience everlasting life." TPT

Let us who have received the gift of eternal life never take for granted this ultimate gift of love that was given by the greatest giver and only giver of life. May we never resent this great life and live it to the fullest of what it was intended. Yahweh so loves us.

May this be an amazing Christmas time for you personally. May we all be encouraged to think thoughts that measures up to the gifts we all have been given. May our hearts refuse anything that is contrary to what blesses the heart of our Father. May we all remember to give Yahweh praise that isn't religious and worship that is of the adorations of our hearts. Let us finish this year of 2021 saluting our friend Tav. Let us finish well with shouts of joy for Yahweh delights that His glory in us is being realized.

Thanks again for engaging these words from my heart. It is an honor to serve our Father together as His family.

Merry Christmas,
Aaron

Recently, I read a financial article of a large company investing over \$60 billion into a virtual world beginning in the first quarter of 2022. I began to think of the cartoon movie Wall-E (please watch it if you have time), in this movie some of the characters began to be so involved in virtual reality that they actually lost sight of reality itself. In the article, some of the software engineers talked about this being a solution for people who might not have friendships or social groups to interact with. So, they are pitching an "opportunity" to be a part of something "greater" by joining this venture. What I find fascinating is that for every counterfeit that has ever been produced, there was first an original. There is a need for family and friendship, so much so that a company is willing to invest hundreds of billions of dollars to create a fake world in order to emulate it. However, you and I have the ability to be a part of the family. Here, joy and peace are ABUNDANT!!! Don't allow technology to nurture any lack in your life, deal with those feelings. Be encouraged today and let's walk in the fullness of who we are intended to be.

Oracle Parker

Upcoming Events for December
@Gates of Zion

Annual Adult Christmas Party
December 3rd-7pm

Children's Musical/Cookie Swap
December 12th, 10 am

The Cookie Swap is for all to participate in as this will make for an abundant supply of cookies and recipes!

Each family will make 2 dozen cookies and make recipe cards for their cookies.

Please take all cookies into the kitchen with your recipe cards upon arrival at church.

After the children's musical we bring out the cookies and recipes for all to share!!!
